

The 5 Aug 2015 at 0326 when I had to sit with the door open because they said they were setting me up and also coming in to get me

Who is Tabatha?
U just said you were here!
Well who r u then?
Why not?
Why not?
Obvious reasons!
Why do u ask that when u are always here anyway?
Since what date?
I don't feel like 1
Who are the people out the back?
Why are they going to kill me?
Why don't you fuck off dead-shit
Why not?
I don't know.

M?: "were coming in. We want to murder you. Because you killed Geoff."
S: I just asked about his well-being and I was assured that he is fine

0332:

J: "JC has just killed himself. Are you thankful?"
S: "no I don't believe you"

Now I hear voices of some folk out the back of the unit also.

0337

now listening to <https://www.youtube.com/watch?v=yL9UJvtgPZY> where a man tries to empathise with hearing voices by wearing phones and listening to hostile hatred.

M?: "you've got a good alibi but it won't work"
S: "why"
M?: "we want you dead"
"we're on our way in"

(I have the voice recorder on my phone recording again. As I have done for the last few days).

J: "I take you seriously too scott"
S: "why - you don't hear what I say"
J: "I do because, just because"
J: "scott this is the last time I will be talking to you. Because you know what scott. Unless you come outside and be shot, I am going to be tortured too"
J: "your dad is dead scott"

J: "you said that about JC but now he is here with you"
J: "what does everybody want from you scott"
S: "I have no idea. I only know about your code words and that fact that what I hear is changed"
J: "why are you doing that to PB because I am evil aren't I"
S: "I have no idea if you are or not"
?: "what's important to PB is that"
?: what are you doing scott
S: "looking for the newspaper article"
?: "there isn't one"
